

epoc[®] Blood Analysis System

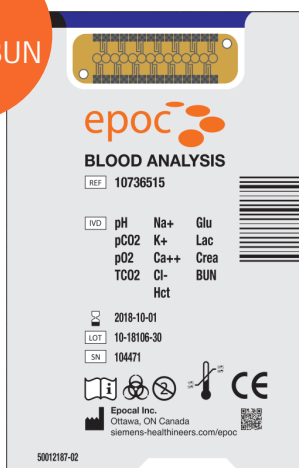

Room temperature storage

Results in less than one minute!

NEW!
TCO2 & BUN

13 critical tests on a single card
pH, pCO₂, pO₂, TCO₂, Na⁺, K⁺, Cl⁻,
Ca⁺⁺, Glu, Lac, Creat, Hct, BUN

Handheld wireless solution that provides blood gas, electrolyte, and metabolite results at the patient side. The epoc reader auto-calibrates the Test Card prior to sample introduction and communicates bidirectionally with the epoc Host.
